

BENTHAM OPEN

THE OPEN ENVIRONMENTAL RESEARCH JOURNAL

Open Environmental Research Journal is an open access online journal which publishes research articles, reviews, letters and guest edited thematic issues in all areas of environmental studies and environmental sciences, including environmental planning and management, environmental and biological monitoring, environmental pollution and toxicology, environmental education and policy analysis, natural environment and its conservation, natural or artificial environments, biodiversity, spatial scales, temporal scales, and methods that advance this multi-faceted and dynamic science.

Open Environmental Research Journal, a peer-reviewed journal, is an important and reliable source of current information on developments in the field. The emphasis will be on publishing quality papers rapidly and freely available to researchers worldwide.
